BOARD POLICY REFERENCE: 2012-13 Classification Review

Board Approved:

**JOB DESCRIPTION:**
Under direction and in keeping with District-wide sustainability initiatives, coordinate maintenance and custodial activities at Public Safety Training Center; perform skilled maintenance in one or more of the construction trades; act as lead worker to designated classified employees at facility; and perform related work as required.

**SCOPE:**
The Coordinator, Public Safety Facilities Operations plans, directs or performs custodial, maintenance, or groundskeeping duties to ensure the complete and secure operation of the center.

**KEY DUTIES AND RESPONSIBILITIES:**
Examples of key duties are interpreted as being descriptive and not restrictive in nature. Incumbents routinely perform approximately 80% of the duties below.

1. Troubleshoots, repairs and maintains specialized center equipment as well as electrical distribution systems including heating and air-conditioning, lighting, temperature controls, fans, motors, pumps and belts to ensure consistent climate and temperature for the center.

2. Performs various facilities maintenance and custodial duties such as troubleshooting and repairing plumbing problems, resolving minor electrical problems, replacing lights, making and issuing building keys to staff members.

3. Performs preventative maintenance and inspections such as monitoring Energy Management Systems, maintaining water treatment plans, inspecting fire alarms and other safety equipment, and replacing components such as filters; recommends the removal of hazards in coordination with Environmental Health & Safety; prepares and maintains the facility’s deferred maintenance program.

4. Prepares specifications and plans for contract and labor work in support of the facility’s programs.

5. Responds to calls for repairs and service; assigns appropriate staff to resolve problems.

6. Maintains service and inspection records on building and safety equipment and systems.

7. Maintains operational condition of training vehicles and multiple types of firearms.

8. Orders, maintains and inventories stocks of supplies and parts, including maintaining inventory of firearms and ammunition.

9. Monitors center’s operations budget; may assist the facility administrator(s) in preparation of an operational budget.

10. Responsible for the maintenance and safety of the Firing Range; trains Rangemasters in safety and use; issues related range gear.

11. Serves as lead worker for other classified employees, including, but not limited to custodial and grounds employees.

12. May direct the work of students and short-term, non-continuing employees.
EMployment Standards

ability to:
Perform mechanical and custodial maintenance; plan and coordinate operations and activities; operate required tools and equipment skillfully and safely; perform physical labor; work from plans and specifications; maintain records; follow and give oral and written instructions; serve as lead worker to other Classified staff; supervise students and short-term, non-continuing employees; maintain cooperative working relationships; demonstrate sensitivity to, and respect for a diverse population.

Knowledge of:
Maintenance of institutional buildings, grounds and equipment; standard practices and procedures of construction trades including materials and tools; applicable building and safety code requirements; methods and practices followed in the maintenance of tools, machinery, and equipment; safety precautions for the maintenance and installation of electronic and mechanical equipment; educational building construction and maintenance operations; computer software programs including Microsoft Office and service request systems; general knowledge of ADA facility requirements.

Preferred additional knowledge: technical training in areas relevant to the maintenance of building systems; demonstrated experience in general building maintenance in an educational setting.

Minimum qualifications:
Candidates/incumbents must meet the minimum qualifications as detailed below, or file for equivalency. Equivalency decisions are made on the basis of a combination of education and experience that would likely provide the required knowledge and abilities. If requesting consideration on the basis of equivalency, an Equivalency Application is required at the time of interest in a position (equivalency decisions are made by Human Resources, in coordination with the department where the vacancy exists, if needed.)

Education:
Graduation from high school.

Experience:
Demonstrated experience working in custodial and general maintenance, including experience directing the work of others. Work in one or more of the skilled trades (such as automotive, electrical, mechanical, heating and plumbing) is required.

License or certificate:
This classification requires the use of a personal or District vehicle while conducting District business. Must possess a valid (Class B) California driver's license and a good driving record.

Special requirements:
Must be able to perform physical activities, such as, but not limited to, lifting equipment (up to 50 lbs. unassisted), bending, standing, climbing or walking. Must be able to safely use manual tools and power equipment common in the construction trades. Must be able to handle hazardous materials safely and respond appropriately to electrical hazards. Occasionally required to work under inclement weather conditions. Must be able to work safely in an environment containing cleaning materials using safety personal protective safety measures.
